In our Bible study today, we focused on a Scripture (Philippians 2:14) where the apostle Paul challenges us to do everything without grumbling/complaining or arguing. In this past year, with all the chaos from the pandemic and politics and social unrest and everything else going on, grumbling and complaining and arguing have almost become the norm for so many of us. The sad thing is that they don't really help anything. They only lead to more discouragement and depression. There is a positive alternative—gratitude and thanksgiving, both to God and to other people! It may not always change our circumstances, but it will change us and make us into a more positive person. And that is something that we can each chose to become!
