Omaha National Cemetery Public Meetings in Lincoln

OMAHA, Neb. – Cindy M. Van Bibber, director of the Omaha National Cemetery, will conduct cemetery orientation briefings March 28th at the Nebraska-Western Iowa Health Care System's Lincoln Campus Auditorium located at 600 South 70th Street, Lincoln, Nebraska 68510.

The briefings, open to the public, will take place from 10 a.m. to 11 a.m. and then again at 2 p.m. to 3 p.m. Additionally, Van Bibber will be available at 9 a.m. to answer questions for those who are not able to attend the two briefings.

The briefings will include information about the construction and proposed opening date as well as eligibility requirements and the benefits that are included with an interment at a national cemetery.

The initial phase of construction will develop approximately 35 acres, providing about 5,000 gravesites and accommodating both casketed and cremated remains. VA expects to begin interments in fall of 2016.

In addition to gravesites, the cemetery will include other features such as a front entrance on Schram Road, an administration building, a maintenance building, an honor guard building, a flagpole assembly area, a memorial walkway, committal shelters and a public information center with an electronic gravesite locator and restrooms. Other cemetery infrastructure features will include roads, landscaping, utilities and irrigation.

The 236-acre cemetery, located in Sarpy County, will serve the burial needs of the more than 112,000 Veterans residing in the cemetery's service area for the next 100 years.
