THE GARDEN CORNER

The old saying “April Showers bring May Flowers” is certainly true! Usually, a wet spring produces beautiful blooms and the warmer temperatures of Spring kick start the growing season. In May, look for lots of color popping up all through the gardens, like the iris plant. If you are out for a stroll on any Tuesday morning, also look for the Master Gardeners tending to the berms and rain gardens, or in the Purple Heart garden at the main entrance. They volunteer their time to keep those areas looking their best, so be sure to say “Hi” to them!

Discontentment comes naturally, but contentment has to be learned. Many people live under the assumption that is seen in these phrases: "I would be content if only _____." Or "I will be content when _____." The blanks are usually filled in with words that describe getting more money or stuff, with changing the circumstances or relationships in our lives (that are often outside of our control).

But what if our circumstances and relationships don't change? Is contentment still possible IN SPITE OF what is going on in our lives.

The apostle Paul suggested that in these words: "I know what it is to be in need, and I know what it is to have plenty. I have learned the secret of being content in any and every situation, whether well fed or hungry, whether living in plenty or in want. I can do everything through him (Christ) who gives me strength." (Philippians 4:12-13)

People in which I most often observe contentment seem to be people who also demonstrate a strong trust and relationship with God regardless of the current circumstances in their lives.

If you are still discontent, where are trying to find it?
