This is an overhead view of our campus. There are three neighborhoods on each end of campus, each having three homes. Each home has between 12 -15 rooms. All rooms are private and include a private bathroom and shower. To understand the size of our home, the street that circles all the homes is one mile.

The Main entrance into the Juliet Building

The Hearth Room in Juliet building. A great place for relaxing and visiting with others.

The Fox Hole canteen. Serving a wide assortment of drinks, candy bars, food items and more.

Freedom Hall (large activity room) looking out onto the lake. Note the white line on the ceiling above the center windows. This is a 20' video screen to live stream or play whatever audio video we choose.

Looking across the lake toward the Delta Neighborhood. Two of Delta's homes are visible in this picture. Our lake does contain trout, bass, catfish and bluegill. Members are free to fish with supplied bait and fishing equipment. For those needing assistance we have a supported fishing event every couple weeks in the summer.

The all Faiths Chapel located in the Juliet Building

The Library offers large print books, audio books, books on tapes and for those who like to watch movies, over 3200 DVD's. Additionally, there are jigsaw puzzles, games, puzzle books, musical CD's and tapes, and we received the area newspapers daily.

In Crafts/Ceramics members can choose from many green-ware novelties to make items for gifts or to sell.

The Wood shop where members come to make a wide assortment of projects out of wood, leather and other materials under the supervision and assistance of a trained staff.

Located both in our Golf and Hotel Hub buildings we have two identical Gyms where members can receive, OT, PT, speech and restorative therapies.

Each of our 18 homes has a kitchen as seen above, where all three meals are served to those living in the home. Between meals each kitchen contains a large assortment of snacks for when members get hungry.

The view of the living room area and dining area as you enter into each home.

Each of the 18 homes has a relaxing garden area with shaded seating. As seen from the planters, members can choose to practice their green thumb.

All rooms are private and are 225 square feet in size. Bariatric rooms are 285 square feet in size. The only difference between rooms is the color scheme and whether the bathroom is to the left or right as you enter the room. Couples rooms are two private rooms side by side, with an access door located on the wall near where the member is in the picture above

Each room is fully furnished including a television, built in dresser, bed, bedside stand, desk easy chair and spacious closet. Additionally, all rooms have a private bathroom that includes a walk in shower.

In addition to a private bathroom with shower in each room, all the homes have an additional SPA room that has a whirlpool tub (noted in the far right in this photo). This room also doubles as a severe weather shelter as it was built with reinforced walls and ceiling.

Located on our grounds to the East of the main entrance is the Central Nebraska Veterans Memorial. This memorial honors all branches of the military who served, fought and died for our great nation. It was designed for Veterans, by Veterans.
